

Meadow Woods Diabetes Management Services

Meadow Woods is pleased to offer *diabetes management services*. Here at Meadow Woods we will work with you to manage your health needs including diabetes. Our home health aides receive training on diabetes, hypoglycemia symptoms, and hyperglycemia symptoms. Whether you need assistance with diet management or insulin administration we are here for you. Some of the services we offer are:

- Insulin set up: Lantus, NPH, and sliding scale
- Blood sugar monitoring
- Insulin administration: Lantus, NPH, and sliding scale
- Physician updates and blood sugar review

Our RN will meet with you to answer any questions and to help customize a program that works for you.
